## **Managerial Employees**

#### Instructions for Managerial Employees and Leadership Teams

Please rate the managerial employee's effectiveness in each of the categories below, drawing upon established performance metrics, a review of their work product and/or results, and an evaluation of their effectiveness in leading a team and/or coaching staff; as well as informal observation and/or feedback from the managerial employee's colleagues, clients, customers, direct reports, and/or other key stakeholders.

Select a numerical rating and use the space provided to offer commentary and contextual insights to support and substantiate your rating, as well as to facilitate conversation when the managerial employee meets with the leadership team to discuss this review.
