

Implementation Overview

Your payroll provider partners with ClearCo to integrate our award-winning Recruiting and Onboarding solutions.

ClearCo implementation is fast and easy, backed by a series of services to support you:

- An Implementation Guide with all the necessary information to complete the implementation.
- Configuration assistance from the ClearCo Setup Team.
- ClearCo will assist with importing structural company data to ensure locations, employee information, and content are present to get started.
- Registration access to join training webinars hosted by the Implementation Project Trainers.
- Unlimited, on-demand access to the Resource Center with help articles, training courses, in-app tutorials, and more!
- ClearCo will complete and test the integration to enable a connected flow of new hire data for payroll processing.

This proven implementation approach is designed to get teams up and running quickly with minimal effort, so you can focus on hiring top talent.
